Halloween Is

Book/Lesson:

This book has a lot of Halloween history and facts listed in it. It also discusses the many symbols of Halloween (pumpkins, decorations, costumes, etc.). Students can discuss what Halloween means to them. As a class, you can make a list on chart paper.

The foldable:

This foldable is a pumpkin shaped book. On each page, the student can finish the sentence "Halloween is _____." There is also room for them to draw a picture to illustrate their sentence.
